

# Save the Date

**Donna Wright, MS, RN**

Donna is a staff development specialist with Creative Health Care Management. She is sometimes called "the humorist in health care". Donna brings a global perspective to her work, literally. She's worked on every continent but Antarctica, and she has her eyes set on that, too.

Donna received her BSN and MS in nursing education from the University of Minnesota, and has worked in staff and leadership roles in a great variety of health care settings. She has published and lectured nationally and internationally on topics such as creative educational strategies, self-directed learning, competency assessment and validation, creative approaches to mandatory training, implementing shared governance and creating a healthy work environment.

Donna is a past president of the National Nursing Staff Development Organization, and lives in Sturgis, South Dakota.
