

## Updates: Week of 1/6/2020

Construction and related utility work at and around the VCU Health [Adult Outpatient Pavilion](#) and [Inpatient Children's Hospital](#) sites will affect traffic patterns for drivers, bicyclists and pedestrians on the MCV Campus for several months. Please take note of the traffic impacts below and plan your travel accordingly so you arrive safely and on time. For updates, visit <http://vcuhealth.org/traffic>

Sign up for text message alerts to receive updates and urgent information about MCV Campus traffic impacts. To opt-in, text the keyword **MCVTRAFFIC** to **795-16**. **NOTE:** Subscribing to the MCVTRAFFIC group will auto-enroll users to VCU Alert messages. Replying **STOP** to **795-16** will automatically unsubscribe users from both MCVTRAFFIC and VCU Alert texts.

**VCU Health team members!** Reboot your commute and save on parking costs. Find the alternative that's right for you at [commute.vcu.edu](http://commute.vcu.edu)

### Traffic Alerts: Upcoming

**UPDATE: Saturday, Jan. 11: 10<sup>th</sup> St. Closure – Crane for Excavator Removal from Children's Hospital Site**

- On **Saturday, Jan. 11, from 6 a.m. to 7 p.m.**,
- 10<sup>th</sup> Street, between Broad and Marshall streets, will be closed.
- One northbound lane of 10<sup>th</sup> Street will be open up to the Children's Pavilion entrance to allow patient access to the parking deck.

### Traffic Alerts: Ongoing

**REMINDER: Through June 30, 2020: ED Drive Scaffolding**

- A scaffolding system has been installed on the sidewalk at the corner of the Emergency Department drive and 12<sup>th</sup> Street.
- Work activities will take place from 6 p.m. to 4 a.m.
- There will not be any lane/street closures.
- Bike racks on the ED drive have been relocated to the Ambulatory Care Center, next to the existing bike rack on Clay Street, and to the courtyard in front of McGuire Hall.

**REMINDER: Through Dec. 20, 2020: Impact to ED Drive Traffic Lanes**

- Scaffolding has been installed above the Emergency Department drive between the existing beams.
- One lane will always be open for traffic to drive through the ED drive.
- All work activities will take place from midnight to 10 a.m.
- Ambulances will be directed to park on Clay Street for staging.
- ED has additional staff to support patient transport from the ambulance into the ED.

- Once installed, the scaffolding system will stay in place throughout the duration of the Main 3 IR renovation. This will not have any impact to the traffic below.
- For any issues related to this work, call VCU Police at 828-1234.

### **REMINDER: Through Jan. 10, 2020: Mass Excavation of Inpatient Children's Hospital Site**

- Mass excavation will be ongoing at the Inpatient Children's Hospital site, with approximately 200 trucks entering and exiting the site every day.
- For your safety, please follow all detour signs and be mindful of construction crews and vehicles as you travel through this area.

### **REMINDER: Duval Street Lane Reduction to Relocate VCU Steam Line**

- The southbound lane of Duval Street, between 10<sup>th</sup> St. and the Visitor Parking Deck exit, is closed.
- Team members needing access to D Deck can enter at the intersection of 13<sup>th</sup> and Marshall streets.
- To exit D Deck or the Patient/Visitors Parking Deck north or south on 13<sup>th</sup> St. or Duval St.
- Detour signs are posted to direct drivers of alternate routes. VCU Police will be on site to assist with traffic control at the intersection of 13<sup>th</sup> and Marshall streets.

### **REMINDER: Marshall Street Lane Reduction**

- Two lanes of Marshall Street, between 10<sup>th</sup> and 11<sup>th</sup> streets, as well as the sidewalk, are closed.
- One eastbound and one westbound lane of Marshall Street has been maintained.
- RMC Security continue to be on site to assist with pedestrian and traffic control at the intersection of Marshall and 11<sup>th</sup> streets.
- VCU Police are making extra rounds during peak times at the intersection of Marshall and 11<sup>th</sup> streets.

### **REMINDER: 11<sup>th</sup> Street Sidewalk Closed**

- The sidewalk of 11<sup>th</sup> Street (Children's Pavilion side of street) is closed to midblock between Broad and Marshall streets.
- For your safety, please follow detour signs and use the marked crosswalks at the intersection of Broad and 11<sup>th</sup> streets.

### **REMINDER: 10<sup>th</sup> Street Lane Reduction**

- Two northbound lanes of 10<sup>th</sup> Street, between Broad and Marshall streets, are closed.
- One northbound and one southbound lane have been maintained.

### **REMINDER: 10<sup>th</sup> Street Lane Closure**

- The northbound lane of 10<sup>th</sup> Street, between Marshall and Leigh streets, is closed.

### **REMINDER: 11<sup>th</sup> Street Traffic Control**

- “No Turn on Red” signs have been installed at the intersection of 11<sup>th</sup> and Leigh streets.
- The parking lane on 11<sup>th</sup> Street, between Clay and Leigh streets, is now utilized as a travel lane.
- 11<sup>th</sup> Street will continue to be open to two lanes of through traffic between Clay and Leigh streets for the remainder of construction.

### **REMINDER: VCU Health Outpatient Pavilion Construction**

- Construction team continues concrete and steel activities.
- The sidewalks on 10<sup>th</sup> and 11<sup>th</sup> streets, between Clay and Leigh streets, will be closed to pedestrians throughout the duration of construction. For your safety, please follow detours in this area.

### **REMINDER: RamRide Stop Relocation**

- The RamRide stop at Sanger Hall is temporarily relocated to 1000 E. Broad St., directly in front of the Children’s Pavilion.
- A, I, R and M Lot shuttles now service passengers at 1000 E. Broad Street. Signage indicating the stop location is posted in front of the Children’s Pavilion.

We recognize these on-going changes to traffic patterns on the MCV Campus will be inconvenient to you. As we continue to implement exciting changes throughout our health system, we thank you in advance for your cooperation and understanding. Together we are designing and building the future of health care.
