Dear Patient,

Before your appointment with Dr. Saleeby, all paperwork **must** be completed. Please fill out the enclosed forms and bring them back at your scheduled appointment time.

Please be sure to sign the bottom of the medical record release form so we can request your records.

The disclosure form is for anyone that you would like us to be able to share your information with if they called in, such as a spouse, family member or close friend. You do not need to include your physician on that list.

If you need a referral to see Dr. Saleeby, please contact your family doctor and let them know that Dr. Saleeby will be seeing you at the 413 Bracey Lane location so a referral can be obtained.

Also please be advised that in effort to assist you in managing your pain, it may be necessary to order a variety of outpatient testing **prior to prescribing any narcotic medications.**

These may include x-rays, physical therapy, tens unit, injections, epidurals, nerve blocks, etc. Please be financially prepared to try some of these approaches if and when needed. If you feel these options (if ordered) will not be acceptable or you are not financially able to pay, please call our office as soon as possible so we can reschedule your appointment and/or consider other treatment alternatives.

Random Drug Screens are performed at the discretion of the Provider so please be prepared to provide an adequate sample to avoid delays, rescheduling and or cancellations.

If you have any questions, please feel free to contact the office at 434-447-3261.

Thank you for your help setting up your care with CMH Pain Management Services, LLC.

Sincerely,

CMH Pain Management Services, LLC
