

Effective June 11, 2020

Visiting Hours Noon-6 PM

Visitors must maintain appropriate physical distancing in all waiting areas.

General Rules

- All visitors must be screened and provided an armband
- All visitors must be masked at all times
- Visitors must comply with physical distancing guidelines in all common areas
- If waiting areas become overcrowded, visitors should be directed to lobby waiting areas, outside or back to their cars
- All visitors will be encouraged to use hand sanitizer upon entering the facility and frequently during their stay.
- If patient clinical needs dictate no visitors (i.e. chemotherapy), visitors may be redirected to waiting areas.

Inpatients

- We will allow 1 visitor per patient per day for all of our non-COVID patients.
- Once the visitor leaves the building for the day, they will not be allowed to return
- COVID positive or suspected COVID patients (PUI's) will not be allowed to have visitors unless they are at end of life, when they will be allowed 1 visitor who must follow all proper PPE protocols.
- Pediatric patients will be allowed to have no more than 2 adult (18 yrs. or older) visitors per day
- Labor & Delivery – 1 adult visitor (18 yrs. or older) per day
- Special needs patients that require 24/7 assistance may have a care taker stay with them if in the best interest of patient care.

Outpatients

- Surgery patients may be accompanied by one adult companion
- Patients arriving for evaluation, or diagnostic or therapeutic procedures may be accompanied by one adult companion

Emergency Department

- Due to the high risk zone in the Emergency Department, visitors will not be allowed. All visitors should be directed back to their vehicles or outside location
