

Abdomen - RUQ/Liver Patient Information

Abdomen - RUQ/Liver

Welcome to VCU Health Ultrasound Imaging.

We are in the main hospital 3rd floor, 1200 East Marshall Street. Our hours are Monday through Friday 8 am to 5 pm. Advanced scheduling is required for all diagnostic ultrasound exams. Please review the following information about your test. Please call (804) 628-3850 to schedule your test or if you have any questions about diagnostic ultrasound.

What is it?

Abdomen ultrasound to assess the upper abdominal organs for shape, size, echotexture, and any abnormalities.

Why are you having this test?

You are having this study to establish presence or absence, nature or extent of disease affecting the Abdomen. Some of the indications include but are not limited to:

- Signs or symptoms that may be referred from the abdominal region
- Abdominal Pain
- Abdominal trauma
- Palpable abnormality over abdomen
- Abnormal lab values
- Abnormal findings on other examinations

Preparing for the test

- Nothing to eat or drink for 6 hours prior
- Bring a picture ID and insurance information
- Please arrive thirty minutes before your appointment time.

What to expect during the test

- This study will take about 30-45 minutes
- You might be asked to change into a gown
- The sonographer will use a cold gel to help imaging
- You will be asked to lay in certain positions.

After Care information

- You may resume normal activity

Follow up care after the procedure

- Results should be available 1-2 business days on the patient portal and to your ordering physician.
- For results: please contact the physician that ordered your test

Contact information if questions or concerns

Any questions, please contact us at (804) 628-4077 and ask for an ultrasound technologist.
