Purpose:
To establish programs to provide financial assistance to patients who qualify for Indigent Care or Charity Care.

Policy:
Community Memorial Hospital (CMH) will make financial assistance programs available to all qualified patients who are U.S. citizens. CMH will follow the procedure outlined below for qualification of indigent care and charity care patients to accurately record amounts provided for indigent care and charity care in the financial statements and for reporting to State and Federal agencies. This policy will be available to all patients without regard to age, race, creed, color, religious affiliation, disability or national origin. Applicant confidentiality will be maintained in keeping with CMH and HIPAA guidelines.

Definitions:

Indigent Care: Total gross income of the applicant, and those of his/her legally responsible relatives with whom he/she resides, of 133% or less than the current Poverty Guidelines (issued by the U.S. Department of Health and Human Services) published each February in the Federal Register.

Charity Care: Total gross income of the applicant, and those of his/her legally responsible relatives with whom he/she resides, in excess of 133% but not greater than 300% of the current Poverty Guidelines (issued by the U.S. Department of Health and Human Services) published each February in the Federal Register and total assets not exceeding $250,000.

Assets: Total assets include the owned value of all real property including the primary residence, stocks, bonds, and other investments including IRAs, cash on hand, checking accounts, savings accounts and money market accounts.

Family: All individuals living in a household related by blood or marriage (mother, father and children) unless the child has reached the age of 18; or is receiving disability (that
individual is treated as a family of one with its own resources/income). Unrelated adults residing in the home of parents/grandparents over 65 constitute their own individual family unit. Parents/grandparents under 65 residing in the home who are not employed or are not disabled and have no income may be included in the family unit.

Income:
For purposes of determining financial eligibility under the CMH Financial Assistance Program, income includes total cash receipts before taxes from all sources. Income includes money wages and salaries, including tips, before any deductions; net receipts from non-farm self-employment; net receipts from farm self-employment; regular payments from social security including disability, railroad retirement, unemployment compensation, strike benefits from union funds, workers’ compensation, veterans’ payments, public assistance (including Aid to Families with Dependent Children or Temporary Assistance for Needy Families, Supplemental Security Income and non-Federally-funded General Assistance or General Relief money payments), and training stipends; alimony, child support, and military family allotments or other regular support from an absent family member or someone not living in the household; private pensions, government employee pensions (including military retirement pay), and regular insurance or annuity payments; and dividends, interest, net rental income, net royalties, periodic receipts from estates or trusts, settlements such as from an accident, and net gambling or lottery winnings.

PROCEDURE:

1. Covered services include emergency and other medically necessary care, as defined by Medicare, and provided by the providers listed in Attachment #1. Procedures that are cosmetic and certain other services are not covered by the Policy.

2. The Financial Assistance Policy is available to patients who indicate an inability to pay for all or a portion of their hospital bill including those with no third-party health insurance and those whose third-party health insurance coverage has been exhausted. To determine eligibility, the patient/guarantor must complete the Financial Assistance Application form (Attachment #2) and provide documentation to support the request. Documentation required includes most recent two pay stubs or verification from all employers, most recent W-2 forms, tax return, and proof of any other type of income received and bank statements. CMH reserves the right to review all information received, including the review of the applicant’s credit history, for purposes of processing the application. Income screening/verification by other state, government or public non-profit agencies may be evaluated as an acceptable equivalent.
3. The Financial Assistance Application form will be submitted to the Financial Specialist in the CMH Patient Accounting Department.

4. The patient will be screened for other financial assistance programs (Medicare, Medicaid, FAMIS, COBRA, etc.) and determined ineligible after good-faith cooperation with this process. Good-faith cooperation includes, but is not limited to, the timely initiation of the assistance program’s application/enrollment process, completion of the assistance program’s application, and provision of all documents required by the assistance program’s process within the timeframes required by the program.

5. If the applicant being reviewed was approved as an indigent care or charity care patient within the last six (6) months prior to the current review, he is considered indigent/charity at the time of the current review unless there is a change in financial circumstances, such as income or family status. Each patient will have to reapply at the end of each six-month period.

6. Should a patient be deceased, a copy of the death certificate must be attached to the application and documentation must be recorded that efforts were made to verify income and estate information through a family member or other close associate of the deceased patient. If the deceased patient/individual has no estate, the account will be considered a charity care account.

7. All documentation and information requested within this policy must be submitted in its entirety and the application signed by the patient/guarantor in order for an application to be complete. An incomplete application may not be eligible for indigent care or charity care discounts. CMH will provide written notice to applicants that describes what information is needed to complete an incomplete application. Failure to provide information necessary to complete a financial assessment may result in a negative determination. The account may be reconsidered upon receipt of the required information.

8. Applications for Financial Assistance must be initiated within 240 days after the first post discharge billing statement.

9. If a patient fails to pay amount due or to complete an incomplete application after receiving notice of additional requirements, CMH will provide a letter informing the individual about further collection efforts that will be performed or resumed after thirty (30) days.

10. CMH will process requests promptly and will make reasonable effort to make a final determination as to eligibility within thirty (30) business days following completion of the application process.

11. The Financial Specialist will be responsible for notifying the patient in writing of the determination.
12. Any account involving a friend or family member of the Financial Specialist or Director of Revenue Cycle must be brought to the attention of the VP Finance.

13. Applicants denied charity care may qualify for a prompt payment discount or for an extended payment plan. These discounts are considered to be outside of this Financial Assistance Policy.

14. If CMH determines that a patient qualifies for financial assistance, the patient will not be charged more than the “amounts generally billed” (AGB) for emergency or other medically necessary care. CMH uses the “look back” method to calculate AGB, which is based on allowable charges and payments received for patients with Medicare Fee-For-Service (original Medicare). A paper copy of the calculation will be furnished free of charge upon request by contacting the Fiscal Services Department at (434) 447-3151. The calculation is also available on the CMH website at https://www.vcuhealth.org/community-memorial-hospital/patients-and-visitors-cmh/financial-assistance-cmh/financial-assistance.

15. Patient accounts qualifying for financial assistance below 200% of the Federal Poverty Level for the household size and who received a COPN conditioned service will receive a 100% discount on the COPN conditioned service charge consistent with the CMH COPN Conditioned Services policy.

16. Patient accounts qualifying for financial assistance will receive discounts based on their family size and level of poverty based on the attached Guidelines for Financial Assistance worksheet (Attachment #3).

17. A patient who qualifies for a Charity Care discount is expected to cooperate with CMH to establish a reasonable payment plan for the balance due and make a good faith effort to honor the payment plan; however, a payment plan is not a requirement for approval for a charity care discount.

18. The actions CMH will take on non-payment of balances on accounts after discounts are described in CMH policy 01-10-27, Billing and Collection. This policy is available for review and printing on the CMH website at https://www.vcuhealth.org/community-memorial-hospital/patients-and-visitors-cmh/billing-and-insurance-cmh/billing-finance and upon request in the Patient Accounting Department.

19. CMH will place notice of the Financial Assistance Policy and the Patient Financial Brochure in each registration department stating that we offer financial assistance and describing how to obtain more information about financial assistance.

20. CMH will place this policy on the CMH website at https://www.vcuhealth.org/community-memorial-hospital and will have a link to the policy and application form as well as the Financial Assistance Summary brochure.

21. CMH will place a note on statements regarding how to request information about financial assistance.
22. CMH will take measures to inform and notify members of the community about this policy.

23. The Director of Revenue Cycle must approve Indigent Care and Charity Care discounts up to $10,000 and additional approval from the VP Finance or CEO is required for discounts greater than $10,000.

24. Approved discounts will be submitted to Patient Accounting to key in the adjustment to the patient account.

25. Completed Financial Assistance applications will be maintained within the Patient Accounting Department.

26. The Chief Executive Officer must approve any exceptions to this policy.
ATTACHMENT #1

Providers subject to the Community Memorial Hospital Financial Assistance Policy:

1. Community Memorial Hospital  
2. CMH Medical Oncology and Radiation Therapy  
3. CMH Rehab Services  
4. CMH Home Health and Hospice  
5. Physician practices operated by CMH including the following:  
   a. CMH Physician Services, LLC  
   b. CMH ER Physician Services, LLC
