Utility work and construction at and around the VCU Health Outpatient Facility site and the Children’s Inpatient Facility site (currently the Marshall Street Pavilion) will affect traffic patterns on the MCV Campus over the next several months. Please take note of the construction activities below and plan your travel through the MCV Campus accordingly so you arrive safely and on time.

Children’s Inpatient Facility Construction – Traffic Impacts:

**REMINDER:** Marshall Street lane reduction
A section of the northernmost west bound lane of Marshall Street, between 11th and 12th streets, is closed for utility work. The entrance and exit to the Nelson Clinic garage will remain open at all times. A pedestrian pathway has been installed to allow pedestrians to travel safely through this area.

VCU Health Outpatient Facility – Traffic Impacts:

**REMINDER:** March 22-25: Road closures
Friday, March 22 at 7 p.m. to
Monday, March 25 at 6 a.m.
11th Street will be closed from Clay Street to Leigh Street.
The eastbound lanes of Leigh Street will be closed between 10th and 11th streets.
An “Emergency Vehicles Only” lane will be established.

**REMINDER:** Clay Street closing nightly
Dominion closes Clay St., between 10th and 11th streets, nightly between 7 p.m. and 6 a.m.

**REMINDER:** Leigh and 10th Street intersection change
The left hand turning lane from west bound Leigh Street to 10th Street is closed. Access to 10th Street from Leigh Street can only be made from the east bound lane of Leigh Street through the slip exit.

**REMINDER:** 11th and Leigh Street traffic control
“No Turn on Red” signs have been installed at the intersection of 11th and Leigh streets.
REMINDER: VCU Health Outpatient Facility construction
Excavation and construction continue on the Outpatient Facility site. The sidewalks on 10th and 11th Streets will be closed to pedestrians throughout the duration of construction. For your safety, please follow the detours in this area.

We recognize these on-going changes to traffic patterns on the MCV Campus will be inconvenient to you. As we continue to implement exciting changes throughout our health system, we thank you in advance for your cooperation and understanding. Together we are designing and building the future of health care.
