Utility work and construction at and around the VCU Health Outpatient Facility site will affect traffic patterns on the MCV Campus over the next several months. Please take note of the construction activities below and plan your travel through the MCV Campus accordingly so you arrive safely and on time.

**UPDATE: 10th Street closed on Tuesday, Aug. 28**

- On **Tuesday, Aug. 28, 10th Street will be closed** in both directions for utility work. This should be a one-day activity.
- Street parking will remain closed and bus traffic will continue to be rerouted throughout the duration of all utility work.

**UPDATE: Temporary lane closures: Sept. 7-10**

- **Starting Friday, Sept. 7, after rush hour until the morning of Monday, Sept. 10,** construction activities will require the closure of the eastbound travel lane on Leigh Street, between 10th and 11th streets, as well as the closure of the northbound lanes on 11th Street, from Clay to Leigh streets.

**REMINDER: Leigh Street utility work**

- Dominion continues utility work from 9th Street through the 10th Street intersection. Eastbound Leigh Street will be reduced to one lane. To accommodate this change, all traffic will be routed through the turning lane at the intersection of 10th Street. Drivers should be aware of potential delays as cars turning North/South and traveling East will be sharing the same lane.

**REMINDER: 11th Street lane reduction**

- 11th Street, from the construction gate to the intersection at Leigh Street, has been reduced to one lane.
- “No Turn on Red” signs have been installed at the intersection of 11th and Leigh streets.
REMINDER: VCU Health Outpatient Facility construction

- Excavation and construction has begun on the Outpatient Facility site. The sidewalks on 10th and 11th Streets will be closed to pedestrians throughout the duration of construction. For your safety, please follow the detours in this area.

We recognize these on-going changes to traffic patterns on the MCV Campus will be inconvenient to you. As we continue to implement exciting changes throughout our health system, we thank you in advance for your cooperation and understanding. Together we are designing and building the future of health care.
